

RESPONSE TO NOTICE OF DRAWING INCONSISTENCY
U.S. APPLN. NO. 09/914,156
ATTORNEY DOCKET NO. Q65149

AMENDMENTS TO THE SPECIFICATION

Page 20 of the English language translation, under the heading “Drawings:”

The Figures depict the distribution of the magnetic remanent induction in respect of Example 1.

Figures 1 and 3 indicate the test results for the preliminary material and Figures 2 and 4 the test results for the superconducting material that has been heat treated in accordance with the

invention. Figure 5 is a shaped body texturised by the modified TSMG process but not subjected to an infiltration post-treatment.
